Gender pay gap reporting statement

Snapshot date 31st March 2024

Publication date: March 2025

Under the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017, any school with 250 or more employees must publish a gender pay gap statement on their website, which includes specific information about how both males and females are paid at their school.

Public sector organisations must publish their statement by 30 March each year. Businesses and charities must publish their statement by 4 April each year.

Schools can use this template to make sure they meet their statutory requirements to publish gender pay gap information and provide clarity to the school community and beyond about how they are reducing gaps in pay.

Employee overview

Our gender pay gap information is based on the total number of male and female full-pay employees. This is as follows:

Gender	Total number of full-pay employees
Male	83
Female	369
